**Q** I have a watermark on my wood furniture. Are there any remedies I can try before I bring it to you?

**A** Yes. You can experiment with several options. Try the mildest one first and work your way up to the strongest ones.

**Mildest** - An oily substance such as mayonnaise or petroleum jelly.

**Mild** - A mixture of equal parts vinegar, linseed oil and turpentine

**Strong** - Ammonia

**Strongest** (Use for black rings only) - Oxalic acid
